

## How to change your username or password (and other profile settings)

When creating your ParentPay account, it is a requirement to provide an email address which is used as your username. You will also have been required to set up your own password. It is important to keep your email address up to date so that you can continue to receive communications from your school(s) and organisations. The email address is also used if you need to change your password or log a support issue. Should your email provider ever change, it will be necessary to update your username.

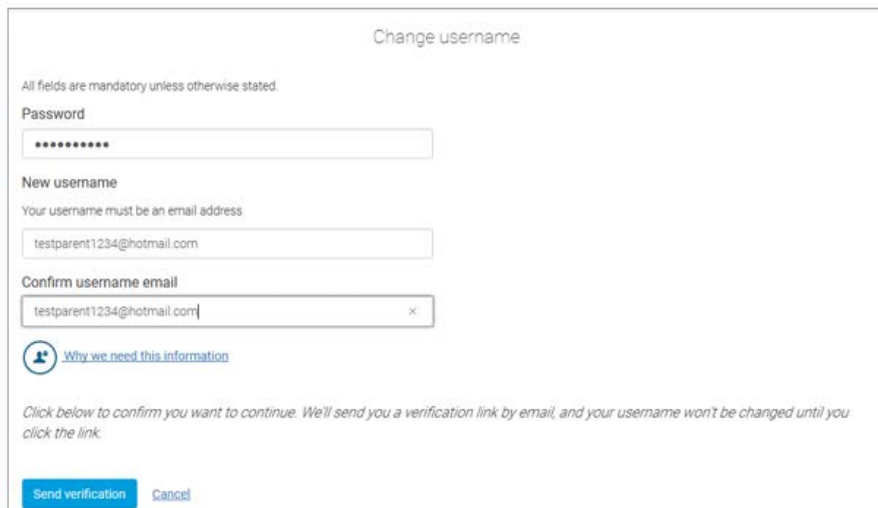

NOTE: ParentPay advise that you should use a personal email address rather than a corporate email address to minimise the loss of account access when moving jobs.

### How to change your username

1. Navigate to [www.parentpay.com](http://www.parentpay.com) and log into your account
2. Select **Profile settings > Username**
3. Select **Change username**

4. Enter the current Password, the new username email, and confirm the username email
5. Select Send **verification**

A screenshot of the "Change username" form. The form has a title "Change username" and a note "All fields are mandatory unless otherwise stated." It contains three input fields: "Password" (masked with dots), "New username" (with a note "Your username must be an email address" and the value "testparent1234@hotmail.com"), and "Confirm username email" (with the value "testparent1234@hotmail.com" and a close button). Below the fields is a link "Why we need this information" and a paragraph: "Click below to confirm you want to continue. We'll send you a verification link by email, and your username won't be changed until you click the link." At the bottom are "Send verification" and "Cancel" buttons.

6. An email will be sent to the new email address
7. Open the email and click on the link to verify the email address and change the username.
8. Log into ParentPay with the new username

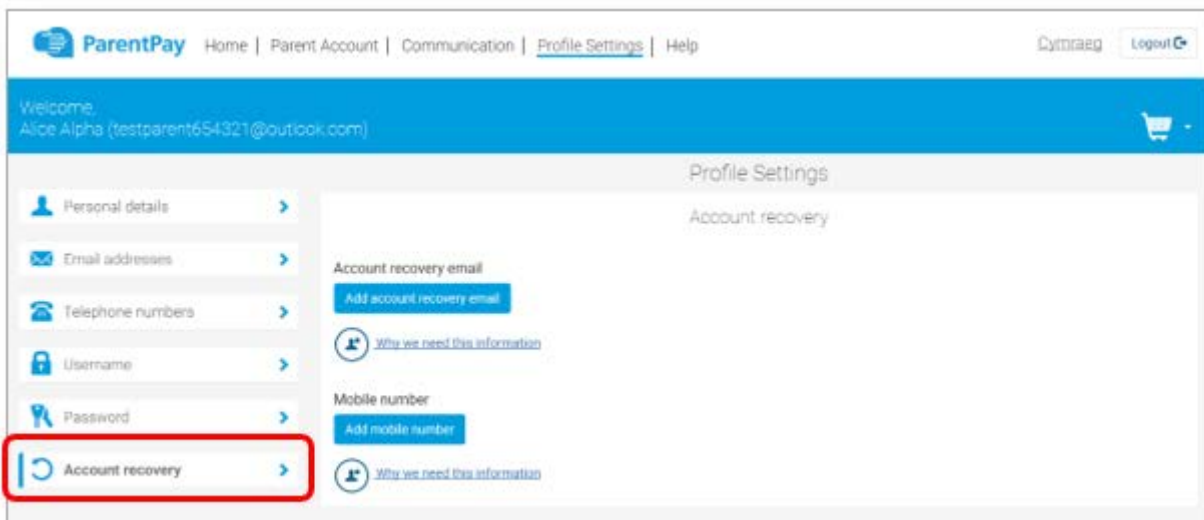

### How to change your password

1. Navigate to [www.parentpay.com](http://www.parentpay.com) and log into your account
2. Select **Profile settings > Password**
3. Select **Change password**
4. Enter the **Existing password, the New password, and Confirm new password**
5. Select Save changes

### How to set an email address for account recovery

The account recovery email address is used to assist in the recovery of the account if the username is ever forgotten.

1. Navigate to [www.parentpay.com](http://www.parentpay.com) and log into your account
2. Select **Profile settings > Account recovery**

3. Select **Add account recovery email**
4. Enter the current password, the new account recovery email, and confirm the account recovery email

Add account recovery email

All fields are mandatory unless otherwise stated.

Password

New account recovery email

Confirm account recovery email

5. Select **Send verification**

6. A verification email will then be sent to the email address entered

7. Open the email and select the link to verify the address

**How to set a mobile phone number for account recovery**

The account recovery mobile phone number is used to inform you of any balance alerts that you may choose to receive. It can also be used to help you regain access to your ParentPay account if the log in details are forgotten.

The mobile phone number is shared with the school(s) that your child(ren) attend unless otherwise indicated.

1. Navigate to [www.parentpay.com](http://www.parentpay.com) and log into your account

2. Select **Profile settings > Account recovery**

3. Select **Add mobile number**

4. Enter the password, new account recovery number, and confirm account recovery number

Add mobile number

All fields are mandatory unless otherwise stated.

Password

New mobile number

Confirm new mobile number
